# MATH FOR DATA SCIENCE, CERTIFICATE

## Curriculum

Four from the following:

| Course | Title |
| --- | --- |
| MATH 202-CN | Finite Mathematics |
| MATH 220-A | Single-Variable Differential Calculus |
| or MATH 220-A-DL | Single-Variable Differential Calculus |
| MATH 220-B | Single-Variable Integral Calculus |
| or MATH 220-B-DL | Single-Variable Integral Calculus |
| MATH 240-CN | Linear Algebra |
| STAT 202-CN | Introduction to Statistics and Data Science |
| or STAT 202-DL | Introduction to Statistics and Data Science |

Note: It is recommended that students who do not have a recent academic math background begin with MATH 202-CN Finite Mathematics, and/or complete MATH 101-CN Algebra prior to enrolling in MATH 220-A Single-Variable Differential Calculus.
